

# NEW! WIP Community

Visit the Community!

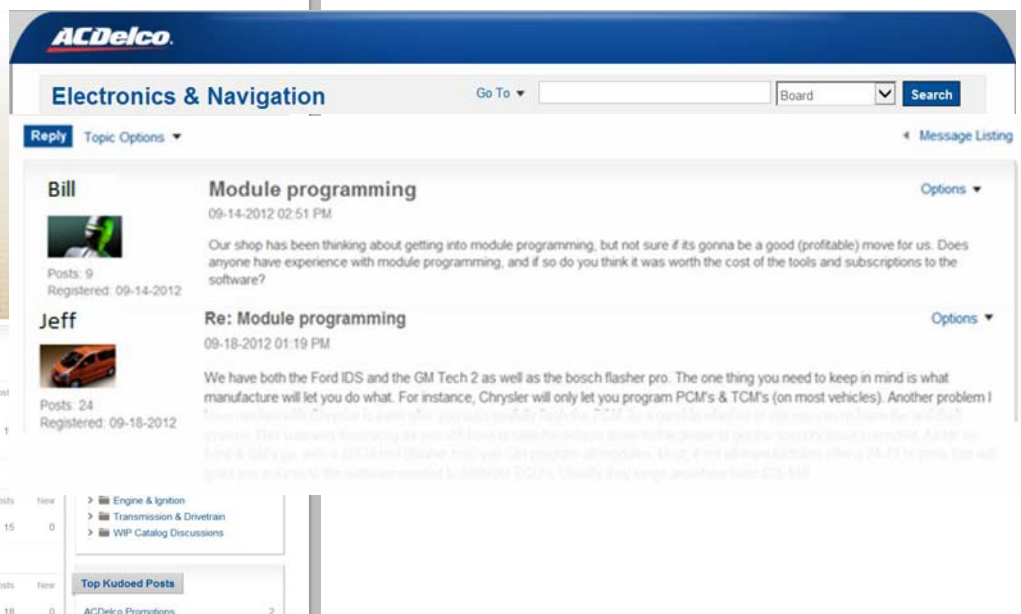

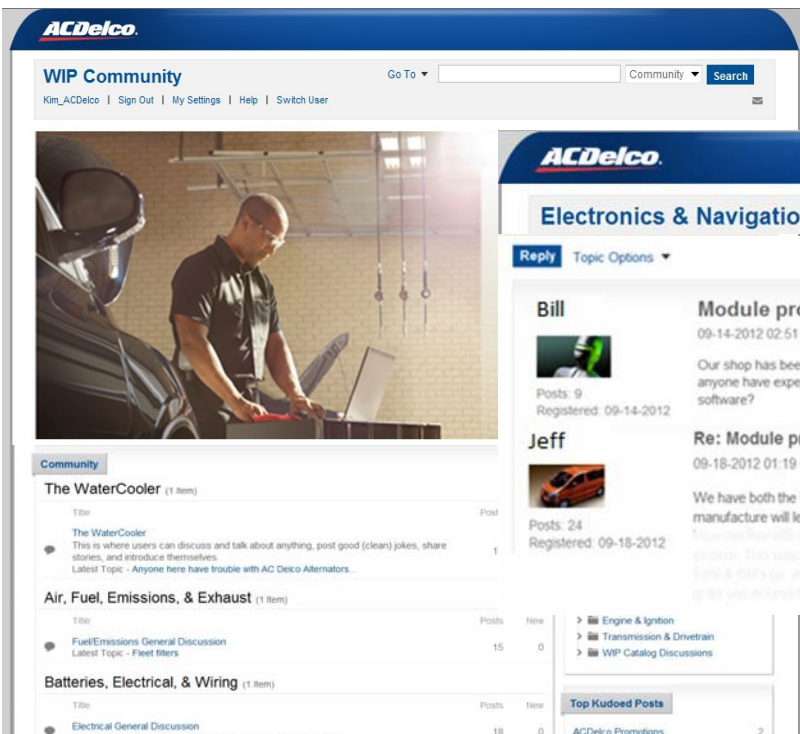

**Connect with the WIP Community! By joining, you're just a click away from connecting with other ACDelco professionals across the country. The WIP Community is a forum and social community to share your insights on repairs, ask questions, offer solutions, and spread the word on just about any topic. Register today through your WIP catalog homepage.**

## Product Highlights

- Register by clicking the Community link located in the top toolbar in WHI WIP, or the rearview mirror in DST WIP
- 24 x 7 access to the WIP Community on your computer or mobile device
- Post questions and find solutions
- Join the private WIP Community, it's exclusively available to other WIP catalog users
- Find or post useful peer-to-peer information on new parts, tough repairs, and business best practices

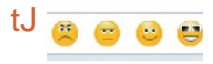

## Features and Benefits

- The WIP Community features nine discussion boards organized by part categories
- Search for topics by key word, part number, or vehicle type
- Posts can include attachments and pictures
- Join in and comment on topics or simply read posts contributed by your peers
- Show your support by liking a post or, recommend a post as a solution to a question asked by another member
- The expertise provided by you and your peers will help build a valuable knowledge base as a resource to benefit you, your business, and your customers
