ATK Electronic Catalog

Your Direct Automotive Distributing catalog is available at www.atksales.com.

Login with your user name **381155** and password **dist**

Pricing shown online is the cost to D.A.D. and is the sellers responsibility to mark the product up to the customer.

Freight

All freight is at no charge for standard delivery with the exception of a \$20 fuel surcharge.

Expedited freight will require a quote from ATK.

Product can be delivered to the store or to the installer direct. Please, no retail home deliveries.

Core Returns

Information is included with the product to return the core.

A freight return label is included as well as the phone # for the carrier.

The serial # will be required when contacting for freight pickup, this is found on the product, on the shipping label on the container as well as in the paperwork.

Additionally you can go to www.corereturn.com and create a core pick up, please have the ATK invoice # or serial# to complete.

Warranty Claims

A website for fast and easy means of starting a claim has been created.

www.claimentry.com

This site allows you to enter the product serial, shop contact information and issue so that the shop can be called back without the need to wait on hold.

This site also allows for review of all case notes during the process.

Core Policy

See "Core Deduction sheet"

Cores are like for like, no visible holes or cracks, crank must turn 360 degrees

Additional Information

Vehicles 1 ton and over receive a 12,000 mile, 12 month warranty.

Engines in the "Dressed" format include oil pan, valve covers and front cover installed.

Long Block domestic engines are designated with a "D" as the first digit in the part#.

Dressed engines are designated with a "V" as the first digit in the part#.

Transmissions are dyno tested and delivered with the torque converter.

All products must be returned in the same container it arrived in.

Fluid must be drained prior to return.
