

Overview

Tired of searching through a catalog to figure out “where the heck did they hide this part”? The “A-Z Parts List” provides you with a list of all part types available for the selected vehicle. Every part listed is valid for that car- no wasted time looking up parts you can’t buy! Part Types are displayed alphabetically to eliminate the need for you to know where parts are categorized.

Access the A-Z Parts List

Once a vehicle is selected you can access the “A - Z Parts List” selection screen by clicking on “A- Z Parts List” from the search options. The screen will refresh displaying the A – Z parts list for the selected vehicle.

The screenshot shows the user interface for a vehicle's parts list. At the top, there are navigation options: "New" with a car icon, "My Vehicles" with a car icon, and a selected vehicle "2015 Chevrolet Silverado 1500 LT 5.3L V8 VIN:C" with a star icon. To the right is a "Part Search" box with a "Search..." input field and a magnifying glass icon. Below this is a light blue banner with the text "Enter a Part description above for fast results – OR – Select an option below". Underneath the banner are seven interactive cards arranged in two rows. The top row contains: "Part Search" (magnifying glass icon), "Group/Subgroup" (two overlapping circles icon), "A-Z Parts List" (A-Z with arrows icon, highlighted with a green border), and "Favorite Jobs" (star and wrench icon). The bottom row contains: "Recent Lookups" (magnifying glass icon), "Service Trend Advisor" (wrench and pulse line icon), and "GM Illustrated Catalog" (GM logo icon). Each card includes a brief description of the feature.

Select a Part Type

To select a Part Type, click on the "Part Type" you are searching for. The selected Part Type will be added to the "My Selected Parts" bar.

Repeat the process to add as many Part Types as you wish.

When you are ready to stock check the Part Types selected click on “Display Parts”. All Part Types added to the “My Parts” bar will be stock checked for price and availability.

Search Tip:

The “Parts Selected” counter is located under the “Display Parts” button and displays the total number of part types added to the “My Selected Parts” bar.

The “Parts Selected” counter will indicate when the number of Part Types added reaches a number that may impact the speed your part results are displayed. You will have the option to proceed, however your results may take longer.
